CALL FOR PAPERS

CMHACY seeks Poster Sessions and 90-minute Workshops. This is a conference for people involved in all of the systems serving children and youth – education, child welfare, juvenile justice, mental health, probation, substance use disorder, everyone. It is for youth, families, direct care workers, managers, professionals, policy makers, and volunteers. While many workshops are complex and advanced, with data as well as story, we look for accessible clarity, where jargon and acronyms don’t impede learning and sharing. Below is a list of topics that the Board is looking for, but we are certainly open to other topics.

LOOKING TO PRESENT IN MAY, 2017?

A “Proposal Format” for both poster sessions and workshops is available at CMHACY.org. Please use that format and email your proposal as a Word document to Agenda@CMHACY.org by January 6, 2017. Priority will be given to workshops that include the authentic participation of youth, family, and community partners, and to both poster sessions and workshops that emphasize practical tools and strategies, demonstrate collaboration across systems and community partners, and integrate outcomes with data and stories.

PRESENTERS ARE ASKED TO REGISTER AND PAY REGISTRATION FEES, AND TO BRING A LAPTOP FOR POWERPOINT OR OTHER FORMS OF MEDIA.
